The **One Session** topics will be very informal discussions about these issues. We'll use the corresponding article from The Lutheran magazine as a discussion starter for most of the topics.

The **ELCA Social Statements** are part of our continuing exploration of our church's position on these important issues. These Statements cover a wide range of issues that are of concern to all Christians.

**Exodus From Hunger** is a book discussion with study guide sponsored by the Southeast Iowa Synod to highlight hunger issues.

The **three-four session** topics are from The Lutheran magazine, and have a study guide for our use as we explore and discuss these issues.

Study guides or other handouts will be available ahead of time for the longer sessions.

The Adult Study meets after church in the Small Hall starting at 10:20 am. You're welcome at any session. Please come and join the discussion!
