

God's Work, Our Hands
September 8

After worship and fellowship Sunday morning we will join ELCA members worldwide as we share our love of God by heading out into our communities. Bethany will help the city of West Branch as follows below. A sack lunch will be provided.

Team 1—mulching trees at the cemetery. The city will dump mulch piles and provide a couple of wheelbarrows. Bring rakes, gloves and a couple more wheelbarrows. Water will be provided.

Team 2—Town Hall cleanup. Washing windows, woodwork, blinds, kitchen cleanup. City will provide paper towels, Windex, stepladders.

Team 3—Bethany. Outside weeding, trimming, removing rogue trees, etc. Washing small and great hall windows inside & out. Furnace room and kitchen cupboard cleanup.

Bring loppers, clippers, gloves.

If someone would like to finish power washing the great hall exterior prior to Saturday, that would be awesome. The power washer is in the furnace room.

Remember to wear your “official” t-shirts or wear yellow or orange! Come and have fun as we work together.

Questions? Call Candy at 643-5869 or Del at 430-5705.

See you Sunday.
